

Panipat factories top Yamuna polluters, those in city second

Ensure Industries Reduce Discharge Of Effluents In River: CPCB To HSPCB

panipat.Pati@timesgroup.com

Gurgaon: A total of 418 industries and refineries, fertilisers, chemicals, and food and beverages operate in clusters in Gurgaon, Ballabgarh, Faridabad, Panipat and Sonapat. Since these factories use a huge quantity of chemicals for production, they end up generating effluents that are high in ammoniacal nitrogen and nitrate. In the absence of any treatment plants in most of these units, the polluting effluents end up in the Yamuna and increase its toxicity.

The CPCB survey inspected 924 gross polluting industries (GPI) across the state and tested their effluents. Of these, the samples of 413 industries were found to have high contents of ammoniacal nitrogen and nitrate.

The survey - which was carried out between December 2021 and April 2022 - found that an ammoniacal nitrogen load of 277.4 kg/day and a nitrate load of 188.9 kg/day were being discharged into the nearby waterbodies through drains and tributaries. In the end, all such pollutants are finding their way into the Yamuna.

At 45%, industries in Panipat were found to be discharging the highest quantity of pollutants. While Gurgaon was second on the list, accounting for 25.2% of the discharges, Faridabad contributed 15.2%, Sonapat 10.1% and Bhiwani 2.3%.

In numbers, 181 of the polluting industries were identified in Panipat, 100 in Gurgaon, 82 in Faridabad and the remaining in Sonapat, Jhajjar and Rohtak. Among sectors, textile accounted for 64.2% of the polluting industries discharging effluents into the Yamuna.

The CPCB asked its Haryana counterpart to ensure that all the identified industries curtail the discharge of ammoniacal nitrogen, nitrate and phosphate and adopted a cleaner technology to treat waste.

413 UNITS POLLUTING YAMUNA

pollution level had risen exponentially. While the river shows a higher than the standards. The river, while entering the city had DO hovering between eight and 10, BOD around two units and the faecal coliform level around 1,000 to 1,400 units - all within limits. After the river crossed ISBT Bridge, DO became nil, BOD increased from 23 units to around 50 units, and the faecal coliform level increased by over 2,00,000 units. By the time the river reached Asargpur, the faecal coliform level and BOD doubled while DO became nil.

Recently National Green Tribunal had expressed its dissatisfaction with the work done so far to control pollution in the river. It also formed a new committee under I.G.

Frauds on prowl, cops to start awareness drive for foreigners

TIMES NEWS NETWORK

Gurgaon: Police have decided to distribute pamphlets to create awareness among foreigners who come to the city for medical treatment. The move comes after several people filed complaints alleging that common posing as cops have robbed several foreigners, who came to the city for medical treatment and were residing in hotels and guest houses near the hospital.

Two days ago, two foreign nationals from Kenya were duped of \$1,800 after three men impersonating as policemen intercepted their way near Artemis hospital and started checking them. When they left, the foreign nationals realised that their money had been stolen and they informed the police control room about the incident.

The security chief and marketing chiefs of the hospitals will be briefed that foreign nationals should be provided a locker service in the hospitals. The picture of the vehicle used to carry the foreign nationals to the hospital or vice-versa should be with security guards at the hospital. The police said that the cases of foreign nationals being duped by criminals impersonating officers have increased manifold. The police said that they will be instructing the hospitals to increase CCTV cameras affixed on all the entry gates of the hospital.

The police said they will also give pamphlets to the guest houses where foreign nationals stay so that they are also aware of such instances. In addition, an inspector will always be on a foreign national whenever he or she goes for the medical check up.

Non-academic work: Teachers warn of stir

TIMES NEWS NETWORK

Gurgaon: Stepping up their long-dormant demand for keeping educational work and their salaries have been held up. We have asked the government to address these complaints at the earliest or face a statewide

Admission Announcement for Post Graduate Diploma Courses in ICT domain for March 2023 batch

C-DAC announces admission to the following career oriented fulltime 900 hours courses for Graduate in Engineering (for selected streams) or M.C.A & Post Graduate in Science (for selected disciplines). For common eligibility and course wise eligibilities, please visit our website cdac.in.

Post Graduate Diploma courses in ICT

- PG Diploma in Advanced Computing (PG-DAC)
- PG Diploma in Big Data Analytics (PG-DBDA)
- PG Diploma in Embedded Systems Design (PG-DESD)
- PG Diploma in IT Infrastructure, Systems & Security (PG-DITISS)
- PG Diploma in Artificial Intelligence (PG-DAI)
- PG Diploma in Internet of Things (PG-DIoT)
- PG Diploma in VLSI Design (PG-DVLSI)
- PG Diploma in Mobile Computing (PG-DMC)
- PG Diploma in Advanced Secure Software Development (PG-DASSD)
- PG Diploma in Geoinformatics (PG-DGI)
- PG Diploma in Robotics & Allied Technologies (PG-DRAT)
- PG Diploma in HPC System Administration (PG-DHPCSA)
- PG Diploma in FinTech & Blockchain Development (PG-DFBD)

Important dates

- Last date of Online Registration: 18th January 2023
- C-DAC Common Admission Test: C-CAT I: 28th January 2023 & C-CAT II: 29th January 2023
- Courses Commencement: 17th March 2023

National Common Campus Placement Programme (NCCPP) will be organised at Bengaluru, Hyderabad, Mumbai, Noida, Patna and Pune.

Roll back order reducing leaves: Roadways workers

Gurgaon: Scores of Haryana roadways employees went to Chandigarh on Wednesday to press for their long-pending demands of rolling back the orders that have deducted their annual earned leaves and regularise the contractual workers. "The government has reduced the annual leaves. Moreover, now there is no adequate compensation for the overtime that the drivers and conductors do," said Sarbat Puri, general secretary, Haryana Roadways Sanyukt Karamchari Sangh.

However, mass deputations were yet again in vogue.
